

SEMI-PERMISSIVE AND DENIED AREA SURVEILLANCE OPERATIONS

COURSE OVERVIEW

This 10-day, hands-on course assumes no prior knowledge and is based on the tactics, techniques and procedures (TTP's) developed and refined by the United Kingdom's Surveillance Reconnaissance Regiment (UK SRR) while conducting operations in denied areas. The fundamentals covered in this course are:

- Voice procedures
- Foot surveillance
- Mobile surveillance
- Mobile – Foot – Mobile Surveillance
- Planning and preparation
- Spotted maps
- Public transportation
- Stakeout boxes
- Log keeping
- Intrusions
- Anti and counter-surveillance
- Communications
- Covert cameras

COURSE OBJECTIVES

- Provide base-line fundamental surveillance TTPs based on proven UK SRR methodologies
- Teach SRR voice procedures to enable clear and concise communication of real-time reporting on target activity
